DETAILED ACTION

1. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claim 1, in line 3 it is not clear how the "generally flat rear end" relates to the "rear end" in line 2. Aren't they the same? The claim language should be clarified in this regard. Additionally, "the rear end" in line 6 lacks clear antecedent basis because of this issue. The term "the adjacent rear door" lacks clear antecedent basis. Finally, "the moving vehicle" lacks clear antecedent basis and could be written as —the vehicle when moving—to clarify the claim in this regard.

Re claim 2, "the rear end" at the end of the claim lacks clear antecedent basis — note discussion regarding claim 1 above. Note also similar terms at the end of claims 3 and 5.

Re claim 4, the recited "two flat sheets" of line 2 apparently constitutes a double inclusion of the flat sheets of base claim 1.

Re claim 9, "the flat sheets" lacks clear antecedent basis — note discussion regarding claim 4.

Re claim 10, line 1 is somewhat confusing, and —respective—could be inserted after "the" to clarify as best understood.

Re claim 11, in line 3 it is not clear how the "generally flat rear end" relates to the "rear end" in line 2. Aren't they the same? The claim language should be

clarified in this regard. Additionally, "the rear edges" and "the adjacent rear door" lack clear antecedent basis. Finally, "stiffener" in line 14 should be —stiffening—for consistency/clarity.

2. Claims 1-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note at least Whitten teaches an airfoil for the rear of a trailer.
